<p>While some embassies are able to process a visa in one business day or less, visa applications are usually processed in 4 to 5 business days. The first day begins the day after your package is received by IAG, except in the case of a pre-arranged same day service, when available. As a third party, we will do everything possible to get your visa to you when you need it, but ultimately each embassy retains the sole authority to issue a visa. We are not responsible for any delays caused by any embassy either due to additional documents required by that embassy or by an increase in the amount of time they take to process the applications. Prices are per applicant. Processing times listed are business days, not calendar days, and indicate the amount of time the embassies require to process your application. Please allow extra time for shipping and handling.</p> <p style="text-align: center;">Payments can be made by money order, or cashier or certified bankers check. No personal checks.</p>
